### Description

One of two excellent, private lakefront lots in the back of a quiet cove. The small subdivision named Bluewater Cove, is off the beaten path but is not hard to get to. Lot has a private driveway already cleared into the house site. The woods in and around this lot are not heavy with underbrush so walking is easy. This land would be perfect for a Beaver Lake getaway cabin! The adjacent lot is also available. These tracts do not have the ability to have a dock. Agent Owned.
