Description

So close to town, but 100% private! A lodge in the woods and a quiet retreat. Imagine a place where you can hunt, host reunions or retreats, or simply be away, whether temporarily or as a home. Approximately 75 beautiful rolling acres to hunt or hike. This cabin in the woods is what dreams are made of! Inside is a loft space with opposite facing, twin-sized bunks and open space in between; living space below with a stone fireplace, and a separate kitchen. Outside in a separate building is your bath house! Enter to a sink in front, a full bath to the right, and your utility room to the left. The property hosts a gazebo with plugs and lights; a picnic pavilion with a full stone slab table, fireplace, and speaker for sound; a basketball court; and more! Below the house, coming in, you will take in your first of a couple fields, pass by your own pole barn and cattle corral and cross your bridge across the creek. You just simply have to see this for your own self! Also listed as farm: 12757
