Description

12 acres of opportunities! Located in an area of few houses, these four tracts add up to over 12 acres. Selective tree clearing could yield a nice view of the valley and a feeling of living in the tree canopy. Utilize Beaver Lake, the White River, and Eureka Springs but come home to your quiet spot in the woods! A three-bedroom septic permit is on file and electricity is at the street. Keep all four tracts for yourself or sell a couple off!
